

	R-AC-67 Finished product specifications Organic Pineapple Slices in organic pineapple juice	Page 1 of 1
Made by Quality Manager Approved by Plant Manager	Reviewed April 2023	Versión 1.1

PRODUCT SPECIFICATION	
Description	Organic pineapple in organic juice (Ananas Comosus)
Ingredients	Organic pineapple, Organic pineapple juice, ascorbic acid
External Diameter of slice	60 mm
Internal Diameter of Slice	22 mm
With of slice	10 ± 2 mm
Quantity of slices	7 to 8
Code Ex. VOSJJ01-E174A MA	<p>Ex. VOCHJ01-E174A MA BEST IF USED BY: JUN 23 2022 V = Importer code , OCHJ = product (OCHJ - "Chunk Pineapple", OCSJ "Sliced Pineapple"), 01 = Line of production #, E = Year code (E is 2018, F is 2019, G = 2020, H = 2021, A = 2022), 174 = Julian day , A = Production shift # or letter, MA = Plant identifier MA (Montana Azul) Format " Best before date ": BBD = MMM DD YYYY M is 3 digits for month D es 2 digits and year is 4 digits</p>
Physicochemical characteristics	
Final product PH.	3,40 a 4,00
Brix grades	°12 to °16
Weight	Drained weight 250g fruit for 220 g finished weight minimum Net weight 420 g
Mechanical defect per can	2 slices
Sensory Characteristics	
Color	characteristic yellow
Flavour	Characteristic of pineapple, slightly acid sweet.
Olor	Characteristic of sweet pineapple, slightly acid sweet.
Texture	firm and soft
Liquid	slightly cloudy, yellow
Microbiological characteristics	Absence of Clostridium Botulinum in 25/g Total Count Anaerobic <10 UFC/g Total Count Aerobic <10 UFC/g
Shelf life	4 years under normal storage conditions
Use	Ready to eat, refrigerate after opening
Type of consumer	General public
Alergen	Absense
Origin	Costa Rica
Packaging	Primary packaging is tin can, size: 300 x 400 BPANI F, no cardboard case
Pallet	10 Pallets per container 225 Cans per layer 2250 Cans per layer 22500 Cans per pallet Cardboard sheets protecting the pallet.
Storage	handle with care, bumps in the can will affect the hermetic seal. Store in a dry, cool and clean place.
Distribution	National distribution: In dry and clean trucks. Distribution for export: In dry containers of 20 and 40 feet.
